GAME OVER

The Game Over screen appears whenever Tomba falls into the following conditions:

1. Tomba's Health Gauge drops to zero

ADVENTURE EVENT SYSTEM (A.E.S.)

The most important system in *Tomba! 2 The Evil Swine Return* is the A.E.S. As Tomba clears a series of Events, more Events will develop.

AN EXAMPLE OF SUCCESSFULLY CLEARING AN EVENT

1. A Golden Crab is caught inside a burning shed, and Kainen is in a panic. Hurry and put out the fire.

2. Tomba found a Bucket!
This should help...

3. Put the Tar Seesaw into motion to pump water from the pipe.

4. Equip the Bucket so Tomba can catch the water.

5. In the Adventure Journal, use the Water Bucket and give it to Kainen.

6. At last, the fire is out, and Tomba has successfully cleared the Event.

7. The Golden Crab inside the shed is safe. Kainen gives Tomba the Golden Crab for safekeeping.

8. Tomba also gets to keep the Bucket. It may come in handy later on an adventure.

AREA GUIDE

18

Tomba! 2 The Evil Swine Return offers a rich variety of areas. Here is a guide to some of the areas in Tomba's adventure.

The Underground Mine

To get to the Miners Town where Tabby lives, Tomba has to pass through the scorching hot "Pipe Zone." Enemies come at you with flame attacks, so you'd better look for the most effective weapons.

The Starting Beach

Tomba's adventure begins in the Town of the Fishermen. Your enemies respond rather sluggishly around here, so you have plenty of time to master the basic actions.

Kujara Ranch

A cold land cursed with snow and ice. Some places are so cold that you could easily freeze to death, so you had better look for some clothes for Tomba that will protect him against the cold.

During the game Tomba will discover many more areas to explore, which brings more friends, more items, and more Events.

ADVENTURE JOURNAL

At the start of Tomba's adventure, Zippo gives Tomba an Adventure Journal. This journal keeps track of all the things Tomba will need to defeat the Evil Pigs.

Sort

You can also arrange the items in your Adventure Journal alphabetically or by type by pressing the L1/R1 buttons or selecting "Sort" on the Items list.

Use Items (displayed in blue)

Use items are items that Tomba can "use" during his adventure to help clear Events, restore vitality, etc. Highlight the Use item and press the **X** button to "use" the item.

INVISIBLE

Invisible Tomba can slip past enemies, but will also go unnoticed by friendly characters.

LAUGHING OR CRYING

If Tomba tries to use a weapon under this "condition", he'll end up either laughing or crying instead.

TOMBA'S FRIENDS

Here are some of the unusual characters Tomba may meet during his adventures.

ZIPPO

A Pento-bug who lives with Tabby. He enjoys Tomba's company and follows Tomba wherever he goes. When he's not flying around, Zippo roosts in Tomba's hair.

TABBY

Tomba's girlfriend. As the adventure begins, she has just gone out to gather ingredients for a dinner that she plans for Tomba, when the Evil Pigs kidnap her away.

KAINEN

A mysterious old man who likes to walk out on the roads to hear adventure stories from the travelers he meets.

WIN

He loves to invent things. Somewhere on this continent he has an invention that uses a huge gearwheel.

CHARLES

A monkey who lives with Tomba. He loves a good joke, and is constantly restless and roving around.

GRAN

The boss of the miners who lives in the town of the Underground Mine. He's a powerful man who never worries about details. His house sits directly across the street from Tabby's house, and the two are good friends.

ARK

A powerful fisherman who lives in the House on the Point.

TOMBA'S ENEMIES

Listed below are some of the enemy characters who will try to interfere with Tomba's adventure.

SEA ANEMONE

These soft animals live on land and are constantly twisting their bodies around. If Tomba gets too close, they will twist their necks, open their mouths wide, and burn Tomba with hot steam.

FLAME PIG

This red flying pig carries a torch in one hand, which is the source for the flames he breathes out his mouth. He never touches the ground as he passes by in a low flight path.

CAPPER

A slime monster transformed into fiery lava who blocks the vents of the pipe. The Mover, a mobile version of this monster, is a particularly powerful enemy. Both monsters can hurt Tomba with a simple touch.

EVIL SEAGULL

A seagull cursed by the magic of the Evil Pigs who lost all reason and civility. Originally this bird takes special care of its chicks.

HEDGEHOG

He suddenly comes rolling out of the ground to attack. The prickly needles growing out of his back makes him really hard to attack, especially when he rolls into a little ball.

FLYING PIG

While this pig can fly around with the little bat-like wings protruding from his shoulder blades, the wings are too small for him to stay airborne for long.
